United States Coin Checklist

Dear Collector,

Here's a complimentary United States Coin Checklist so you are able to keep track of the coins in your collection. Every coin series from Half Cents through Dollars are included.

Not only can you keep track of the coins you have in your collection, you can also keep track of the grade each coin is in..

One of our most popular services is our Coin Want List program. If you print off an extra copy of this checklist with the coins you currently have in your collection, we will work with you to complete your collection at a pace that suits your budget. At the end of the checklist fill out the customer information sheet and send it to us and so we can help to fill the empty holes in your collection.

Be sure to stop by and visit us so we can help meet all of your coin collecting needs.

Happy Collecting!

Did you know...

In 1883 the reverse of the Liberty Nickel was changed because the original design lacked the words 'Cents' and unscrupulous individuals took advantage of this flaw and plated these new coins with gold and tried using them as \$5 dollar gold coins. These coins are now known as racketeer nickels.
